Playmaker Basketball Marker Board -- Championship Productions, Inc. Basketball Three Point Line Dimensions Most commercial basketball court stencils do not contain three point lines. This coupled with the fact that adding the three point line to a court stencil would double or possibly even triple the cost to the customer. Use this pdf file for a whole page of full-court USA diagrams. For this reason only selected stanchions meeting this criteria are acceptable for these purposes. Their wall mount systems mounting structures come in three different telescoping lengths between 4 and 6 feet, between 6 and 8 feet, and between 8 and 10'. Please leave your comments, suggestions, and questions below... When a pass is made or the player with the ball dribbles to a new area of the floor, each player's adjustments and rotation can be noted.I've found that when players are learning a new offensive set, it's helpful for them to follow their movement one pass at a time throughout the entire offensive sequence.Likewise, when the focus is on defense, player rotations can be charted frame by frame for each scenario presented by the opponent's offense.Feel free to download the basketball court template that suits your needs.Note: The basketball court markings and layout of these diagrams are for high school courts. Coach's Clipboard All-Access Premium Membership Become a Premium Member now and get immediate access to everything at the Coach's Clipboard...
